

2018 Summer Tournaments Hotel Information

Instructions for booking Summer Hotels:

1. Each Summer tournament is a “stay to play” tournament, meaning we must book through the tournament and stay at their approved hotels. Metro has arranged hotel blocks through the various tournaments. As a result, booking instructions vary from tournament to tournament.

2. Please note which tournaments YOUR age group plays in - years are **highlighted in yellow** for each tournament. Only those teams listed need to book for that tournament. If it says ALL TEAMS - all teams should book. Please note that for Project 120 and The Grind, different age groups play on different days.

3. The date our block expires is listed for each tournament, but it is important to remember ALL ROOMS ARE FIRST COME/FIRST SERVED. The best selection of rooms will be available by booking asap.

4. If there are no more rooms available in our block, you should call the hotel directly. They will sometimes have additional rooms and may honor the group rate, but this is not guaranteed. If rooms are not available at that hotel, click the link for the tournament website, click on their housing link, and book a room at an alternate hotel.

5. Blocks were made based on which hotels could accommodate our teams. We attempted to get the highest quality hotels while still making them affordable. If your team is blocked at a hotel/price that does not fit your family’s needs, please feel free to book at a different hotel approved by the tournament. Click the link for the tournament website, click on their housing link, and book a room at an alternate hotel.

Any questions, please email Hilary at metro-hilary@hotmail.com. All this information will also be available on your team page on the Metro website.
